### SMITH APPEALS TO LEADERS OF STATE FOR AID

Appears Before N. York  
Central Committee To  
Plead for Big Vote

### REGISTER EVERY CITIZEN, REQUEST

Will Open West Campaign  
Middle of September  
It Is Reported

Syracuse, Aug. 30.—Gov. Al Smith made a stirring appeal today to the Democratic leaders of New York to aid in carrying the state in coming presidential election.

Speaking at a meeting of the state committee, the governor told the leaders that he would look to them to see to it that every Democratic citizen is registered and that one of the most aggressive campaigns in the party's history is conducted in the state.

### Of Vital Importance

Consider it of vital importance that the Democratic committee of this state as well as every state get active on the job and use every honorable means to win the coming election," he declared.

He declared that leaders should use "every honorable means" to insure success of the Democratic party in the state and nation.

"The first thing to be done is to get everybody registered," he added.

Speaking at the dinner given by the Democratic Club, Syracuse publisher to farm leaders of New York, the governor referred to farm problems and gave a detailed explanation of why the cost of New York government had increased by over \$100,000,000 in the eight years since he occupied the chair of chief executive.

He said he believed that this was a problem that should be worked out by farm experts and economists and that while such a plan was in the making, some relief should be obtained by taxes on the cost of all local governments.

Howard M. Gore, of West Chester, and Sherman J. Lowell, of Salem, are the only two men in the state who have been convicted of class legislation.

### OFFICIALS WILL FACE CHARGE

Culture to Give Hearings  
and Receiving Money  
Is Cause

Castle, Aug. 30.—Three officials of the Erie County Jail were under arrest here today on charges of extortion in connection with the failure to give hearings to prisoners who were freed after they had paid a sum of money.

The arrested are Alderman William H. Hamilton; Constable William H. Hamilton; and Police Chief W. H. Hamilton.

The prisoners are under \$2,000 bond for preliminary hearing before Judge H. P. Green. Warrants were issued by District Attorney J. E. Hamilton at the request of County Attorney William G. Fleming.

Fleming charged extortion and conspiracy to extort. The cases were set for trial in May and when it is alleged Miller was arrested three men in the vicinity of Ellwood City were taken there before Alderman Hamilton.

The prisoners are charged with extorting upon payment of a fine and although they did not receive the money, it is further charged that the charges against them could not be settled before a grand jury.

Hamilton clothes agent will be at Metzger hotel from 9 P. M. to 9 P. M. AUG. 31. FALL AND WINTER SAMPLERS. R. E. DYCUS.

### BODIES OF MISSING FLIERS FOUND NEAR WRECKAGE OF PLANE

New York, Aug. 30.—The bodies of Mabel M. "Merry" Merrill, veteran Curtiss field flyer, and Edward Ronne, head of the Buffalo airport, were found today in the woods near Milford, Pa., where their plane crashed while enroute from Buffalo to New York.

Both bodies were lying about 40 feet from the Falcon plane which had smashed into a thick underbrush.

Neither body was burned. It is believed the two aviators were hurled clear of the plane by the impact.

Take Bodies To N. Y.

Milford, Pa., Aug. 30.—The badly mangled bodies of Mabel M. Merrill and Edward Ronne, aviators who were killed when their plane was wrecked near here while enroute to New York, will be brought here today.

"It is so bad that no one ever goes into the district at night for fear of getting lost. A couple of years ago a native of this section was killed here while enroute to New York, will be brought here today.

Johnson Leads In California Primary

San Francisco, Aug. 30.—As belated returns of California's primary trickled in today, the victory of Senator Hiram W. Johnson over Charles H. Randall, Los Angeles, for the nomination of United States senator, became a veritable landslide, in 8,107 of 9,082 precincts tabulated the vote was: Johnson, 383,659; Randall, 86,009.

Latest returns indicated the nomination of Republican incumbents to congress in 11 congressional districts.

Coroner To Probe Death of Woman

Bellevue, Aug. 30.—A coroner's inquest was to convene today to probe circumstances surrounding the death of M. E. Russell, 49, formerly of New Palestine, Ind., who was slain here last night during an altercation with Walter Warwick, 70, negro laborer.

### WILL CUT BUDGET TO THREE MILLION

Nominee Expects to Make  
Not More Than Four  
Speeches In Race

Washington, Aug. 30.—Herbert Hoover started the first day in his new headquarters in a private home in Massachusetts ave., today by being the first to arrive at work.

The Republican candidate walked over from his home, which is but a block and a half away. The weather was terrifically hot and Hoover brushed a handkerchief over his forehead as he entered the office.

Washington, Aug. 30.—The principles upon which Herbert Hoover conducted his vast relief operations for the Belgians and directed the American food administration during the World war will be "relied upon to build a Republican organization which will bring victory to the Hoover-Curtis ticket at the November polls, it was disclosed today.

The policy—called the Hoover policy by his aides—is described by them as one of centralized authority and decentralized responsibility.

The plan, in brief, is to make the national committee, functioning under the discerning eye of Hoover, a purely administrative unit and place the major responsibility for the success of the campaign on state organizations.

He Gives Work Credit

Hoover himself, in talks with callers, has emphasized that the state organizations will be given greater tasks and more responsibility in the next two months than has obtained in past campaigns.

The policy is credited to Hoover himself, although in talks he has given praise to National Chairman Hubert Work for the plan of operations.

Throughout Hoover's administrative career, it was pointed out, he has made a practice of defining objectives and policies, setting the wheels into motion and then depending upon the co-operation of his organization to achieve results.

Supplies "Touch and Go"

Hoover is supplying the "touch and go" to the organization in conferences being held here with eastern political leaders and officials of the national committee.

Today he planned to receive William H. Heil, chairman of the Hoover-Curtis clubs of New York and H. Edmund Machold, state chairman, to discuss the New York situation and emphasize the responsibility which he wants them to assume.

This method of campaigning is declared to be the reason for a determined effort by the national committee to reduce its budget.

### GOVERNOR'S DAY AT STATE FAIR

Donahay and Staff Attend  
Exhibit, See Races, As  
Heat Continues

Columbus, Aug. 30.—Governor's day will be observed at the 78th annual Ohio state fair today.

After lunch, Gov. Donahay and his staff were to attend the races on the afternoon program, when purses to the amount of \$4000 will be given away.

Despite all the heat, perspiring and the prostrations which prevailed over the grounds, Wednesday's crowd was the largest of the year and only second to Wednesday of last year. The sun's hot rays brought in 145 to the Red Cross first aid tent, although only three were actual prostrations.

The Goodyear airship "Puritan" floated, like a soft cloud, over the grounds on her way to Norton field to be moored until late this afternoon. Jack Boettner, Akron, is piloting the ship.

While Jack Boettner, Kingston, was enraptured with the huge still on display, someone removed a purse containing \$11 and some papers from his hip pocket.

### Three Are Missing When River Craft Overtakes on Ohio

Steamboat Was Maneuvering Before Pick-  
ing Up Tow; Twenty Persons On  
Board Are Rescued

Pittsburgh, Aug. 30.—The steamboat Alouatta overturned early this morning while maneuvering in the Ohio river. Three of the 23 persons aboard the river craft are believed missing while 20 were rescued or swam ashore.

The persons believed missing are: Christina Denlock, chambermaid on the boat.

William Atkins, watchman. The Alouatta, a steel towing steamer, was maneuvering in mid-stream preparatory to picking up a tow of barges loaded with 6,000 tons of steel at the time of the accident.

A pipe break which flooded the forward compartment is believed by officers of the Alouatta to have been the cause of the boat capsizing.

The accident occurred opposite the Alouatta plant of the Jones & Laughlin Steel corporation. The steamer was one of the steel company's fleet of tow steamers.

Panic reigned as the boat careened sideways and turned completely over, bottom up. Many of the crew rushed madly for life preservers as the boat listed in the water. Captain Norman "Bucky" Jones with a few of his assistants attempted to arouse the two chambermaids.

They succeeded in throwing a life preserver to one of them before the boat finally turned up side down. Immediately following the upset rescue crews made their way to the overturned steamer in an effort to locate the three missing persons. Plant employees of the Jones & Laughlin corporation started to drag the river.

Efforts were also being made to raise the capsized vessel by boring holes through the keel to admit air. The Alouatta, which holds the record for steel towing from Pittsburgh to Memphis, is 164 feet long with a beam of 32 feet.

### REPORT POTTERS REJECT SALARY BOOST FOR TRIO

Approve Organizer, Says  
Rumor In E. Liverpool,  
Yet Unverified

East Liverpool, Aug. 30.—Members of the National Brotherhood of Operative Potters, representing approximately 7,500 workers in the general ware and sanitary ware branches of the industry, are reported to have approved the appointment of a national organizer and rejected proposed salary increases for three national officers at a special referendum election, which ended last Saturday.

Brotherhood officials today declined to verify or deny the reports that one of the propositions had been approved while the other was turned down. James M. Duffy, president of the organization, claimed that the vote on the two proposals had not been officially tabulated.

The proposal, approved at the 38th annual convention of Brotherhood representatives, calling for the appointment of a full-time paid organizer, to be named by the executive board, is reported to have been approved by a big majority. Salary of the organizer will be \$2,500 per year and hotel and railroad expenses.

Want To Raise Pay Level

The president, first vice-president and secretary-treasurer, which offices are now held by James Duffy, George H. Cartledge and John D. McGillivray, respectively, would be benefited by the proposed \$1,000 per year increases. The present salary of the president is \$3,500 per year while the first vice-president, who has charge of the eastern Brotherhood office in Trenton and the secretary-treasurer, whose office is at national headquarters in East Liverpool, is \$3,300 each.

This resolution also was approved at the annual convention held here in July, but was conditional upon acceptance by members of the Brotherhood members. Sponsors of the salary raising plan argued that the increase would bring the salaries on a level with that paid heads of other labor organizations of a similar membership size.

Meeting of the Brotherhood executive board will be held within the next couple of weeks when the new organizer will be named. His appointment will be for a term of one year.

Firestone Sued By Indiana Concern

Cleveland, Aug. 30.—Charging infringement of patent rights, the Conformed Door Check company of Kokomo, Ind., today filed suit against the Firestone & Rubber Co. of Akron. The Kokomo concern charges that the rubber company is manufacturing and selling a door-check strap in violation of patent rights which it holds. A permanent injunction, profits the Ohio company has derived and three times the amount of profits as damages are asked.

### Indian Lake Girl Wins Ohio Title In Beauty Contest

Cedar Point, Aug. 30.—Miss Emadee Graham, of Indian Lake, today holds the title of "Miss Ohio" for this year, and will represent the Buckeye state in the bathing beauty contest at Miami in December.

Miss Graham was declared the winner of the state bathing beauty contest, which was conducted here in connection with the annual Ohio Elks convention. She was selected last night from the 12 survivors of an original list of 30 contestants.

Miss Hetty Fell, of Kent, won second honors and Miss Grace Woods, of Akron, was third.

### THRONGS GREET SHRINERS AT EAST LIVERPOOL

2,000 Uniformed Men take  
Part In Tri-State  
Ceremonial

East Liverpool, Aug. 30.—Ten thousand spectators cheered here today when 2,000 uniformed lodge men and candidates marched through flag bedecked streets as the climax of a tri-state ceremonial of the Ancient Arabic Order, Nobles of the Mystic Shrine, sponsored by Al Koran temple of Cleveland, assisted by Syria and Osiris Temples of Pittsburgh and Wheeling.

With music of three bands and as many drum and trumpet corps of the three participating temples, the pageant, headed by Mayor Ralph C. Benedun, grand marshal; John Golden, president of the East Liverpool Shrine club, and Imperial Potentate Frank C. Jones of Houston, Tex., the guest of honor, moved over the downtown streets upon adjournment of a business session in the Masonic temple.

Uniformed and fezzed members of the respective temples were headed by their potentates. A L. Fiebach of Cleveland; Reginald Daniels of Pittsburgh, and W. L. Smith, Jr., of Chester W. Va., chief of the Wheeling unit.

A massed band concert and an address by Imperial Potentate Jones followed the parade, after which 5,000 Shriners were transported in special trolley cars, automobiles and buses to Rock Springs park, Chester, W. Va., across the Ohio river, where the first and second ceremonial sessions were held in Virginia Gardens, a dancing pavilion. One hundred and twenty-seven candidates were initiated.

Special trains, interurban traction and motor cars carried large delegations from Cleveland, Pittsburgh, Wheeling and intermediate cities to the ceremonial. The fraternal gathering was the largest ever held in this district.

The 28-man fire department supplemented a 14-man police department in directing traffic during the celebration.

Patriotic Outing At Centennial Park Is Successful Event

So successful and enjoyable was the picnic held by the patriotic organizations of the city Wednesday evening at Centennial park that it was decided to make the picnic an annual event and to hold it each year on the last Wednesday in August.

A supper was served and places were arranged for 165 guests. Games were played and features of the evening were a beautiful fancy drill put on by 21 members of the American Legion auxiliary, and a reading, salute to the flag by Mrs. Bess Stanley, of Alliance, first past national president of the Daughters of Union Veterans. There were five visitors from Alliance, including Mrs. Stanley.

Dancing provided entertainment and music for this was furnished by a three-piece orchestra.

PLANE CRASHES  
IN STEUBENVILLE

Stuebenville, Aug. 30.—One dead and two injured was the toll of an airplane crash yesterday during the dedication ceremonies for Fort Steuben bridge. L. W. Holland, 37, Weirton, W. Va., is dead, and Helen Bailey, 19, Weirton, W. Va., and Lieut. A. W. Chase, commandant of Fort Steuben airport here, are injured.

The plane, piloted by Lieut. Chase, crashed from a height of 200 feet. Lieut. Chase's plane and two others were flying in formation at a low altitude when, according to the other pilots, they struck bumpy air. The other two planes were able to get through the danger region, while Chase cracked up before he could regain control of the craft.

Athens, O., Aug. 30.—Struck by an automobile while playing in a road at The Plains, a mining village near here, Lorenzo D. Slater, 9, was dead today. He had been making his home with his grandparents since the shooting to death of his father during a mine riot at Herrin, Ill., three years ago.

### NOTIFICATION IS NEW EPOCH IN SOUTH'S HISTORY

Ceremony Will Take Place  
In Picturesque Natural  
Resort Amphitheater

### DAUGHTER OF SMITH TO REPRESENT HIM

Hot Springs Ready For  
Nominee's Speech For  
Southern Keynote

Hot Springs, Ark., Aug. 30.—In a ceremony marking a new epoch in the political history of the south, Senator Joseph T. Robinson of Arkansas tonight will be notified formally of his selection as the running mate of Governor "Al" Smith.

The notification will be in a picturesque natural amphitheater formed by the parallel ranges in the southern tip of the Ozarks which form the valley of Hot Springs' Main st.

Squarely in the bottom of the valley, from a vast platform of redolent Arkansas pine, Senator Robinson will deliver his acceptance speech. It is to be the keynote of the campaign in the solid south.

First Man From State

Never before has Arkansas given a candidate to the national ticket of a major party. Not since 1858 has the south had a representative on a national ballot.

This is the history behind the enthusiasm of the day. Arkansas is here to honor her most distinguished favorite son. Hot Springs has outdone itself as a town of 25,000 persons to pal tribute to the "Joe" she sent to congress in 1902.

The south is here to honor the statesman who won for her a place in the national theater of politics after a dark house of almost 70 years.

Photo Seen Everywhere

Over the speakers' platform, about which seats have been arranged for 25,000, hang twin lithographs of "Al" and "Joe," but elsewhere throughout the city the dominating countenance is that of the vice presidential nominee.

Governor Smith will not be here for the notification of his running mate, but has designated his eldest daughter, Mrs. John B. Warner as his personal emissary. John K. Raskob, chairman of the Democratic national committee, who will preside at the ceremonies tonight, was scheduled to arrive from St. Louis shortly before noon.

With him were Senator Peter G. Gerry of Rhode Island, chairman of the national advisory committee, Mrs. Nellie Taylor Ross, former governor of Wyoming and vice-chairman of the National committee, and Mrs. Franklin D. Roosevelt, chairman of the women's advisory committee. National committeemen, state chairman, and rank and file representatives of the democracy of the entire nation added to the throngs.

Overcast skies this morning gave promise of rain before noon but the forecast held out hope of clear weather before the notification program began at 6 o'clock. The clouds afforded welcome relief from the sizzling heat of the last few days.

### WAR ON AKRON VICE CONTINUES

Councilman Warned That  
Gangland Is Trying  
To Get Him

Akron, Aug. 30.—Gangland is still determined to "get" Councilman Kyle Ross, special investigator of vice and crime conditions here.

Ross made this known today. One of his "undercover" men has advised him, he says, that unless he "keeps his mouth shut" attempts to assassinate him, which have been made repeatedly, will continue.

Four other city councilmen have been appointed to assist him in his investigation.

"I still feel that I should be permitted to prosecute this case unhampered by men who refused to come to my aid when I started this investigation less than a month ago," the militant councilman declared. "But I will give them a chance to carry on with me."

Ross said he was pleased at city council's action in appropriating funds to hire Ora Slater, veteran Cincinnati detective, to assist in running down the thugs who have tried to assassinate him. He said he would insist, however, that Ed McDonnell, Akron detective chief, be permitted to remain in charge.

"I regard McDonnell as a detective of unexcelled ability," Ross asserted.

Case Postponed

Chatham, Mass., Aug. 30.—United States supreme court justice, Louis Brandeis, today postponed for two weeks all action on the application for a stay of proceedings in the Baltimore street railway fare fight. Further arguments will be held in Washington the week of Sept. 11.

## TAKING A CHANCE

The bolshevik rulers of soviet Russia have taken many chances in infringing upon the personal liberty of the Russian people and succeeded in getting away with them, but none equal in possibilities for trouble to that run by the promulgation of their latest decree, Order, No. 722, issued by the central council of the young communist organization after long and serious consideration, against kissing. The order absolutely forbids all forms of kissing as a survival of the aristocratic past and unfit for a "society of class-conscious workers and peasants."

The order affects the young men of the land and their sweethearts or any other girl they may desire to kiss who might prove willing. It applies to husbands and wives, to fathers and daughters and to mothers and sons. Any attempt of a young communist to kiss his best girl is to be taken by her as an insult, as compliance would degrade her as the possessor of aristocratic instincts and tendencies.

One never can tell. It may be that all of Russia has become so cowed by years of oppression and violence, that it will remain supine under the order, but if youth is youth the world over and in all climes as has been held out, it's about time for something to break loose over in Russia.

Were a like decree, promulgated over here, it wouldn't be fifteen seconds till the explosion occurred.

## NO FARM PROBLEM

Word comes from Denmark that the farm problem there amounts to practically nothing. The reason is that ninety-three per cent of Danish farms are occupied by their owners, and idle land is virtually unknown. Seventy-seven percent of the land is practically cultivated, and practically all of the remainder is being reforested.

As a result of this intensive attention to agriculture success has crowned the efforts of the agrarians. Intensive tilling of small holdings, orderly co-operation in standardizing and marketing, and the availability of long-term credit at low interest rates, have proven of inestimable value to the farmer population of Denmark.

And if Denmark had America's high wage level in its domestic market that nation would be enjoying something remarkably close to an agricultural Utopia.

## ANOTHER SHORTAGE

Once upon a time the man in quest of employment in any important position was compelled to look long and diligently to find it. But today in this era of big business and high pressure competition one of the most difficult tasks is to find men of character and ability, trained to a high degree of efficiency and well qualified for the higher posts in his calling.

This is the observation of Thomas R. Preston, president of the American Bankers' association, in an article which appeared in a recent number of the Association Journal, mouthpiece of the banker's organization. Mr. Preston insists that brains and energy are the controlling factors in business administration today, and the conclusion is drawn from what he writes that there is not a very big surplus of either of these elements at the current writing.

## What Others Say

## HOOVER'S MESSAGE

Hoover's speech embraces many subjects, but foremost in interest among them in South Dakota is his discussion of agriculture. The nominee did not hedge on this subject, and his careful treatment of it effectively disarms those who contend that the farmers do not count prominently on his horizon. Eight thousand words of his address are devoted to farming. He surveys the problem from several angles and convinces the Argus-Leader that the farmers have a real friend in Hoover and one who is capable of making his sympathies something more than a meaningless jumble of words. Hoover's speech reveals a close study

of rural life and a definite desire to alleviate them. He makes specific suggestions that should gladden the heart of every one interested in the welfare of agriculture.

Hoover outlines the cause of agriculture's difficulties with a keen perception. He does not make the mistake so many have made in assuming that the war and the attendant deflation produced the farm troubles. He realizes that the agricultural worries were making their appearance before the war. This is a premise not always properly understood.

The presidential candidate, after displaying a thorough understanding of the situation comes forth with suggestions for its correction. He first mentions the tariff, declaring that "an adequate tariff is the foundation of farm relief." He makes this pledge: "I would use my office and influence to give the farmer the full benefit of our historic tariff policy." This is plain and in accord with the views of economic and statisticians. The Argus-Leader recently printed a quotation from the Farm Journal pointing out the many products that come in from other lands, duty free, and sold in this nation in direct competition with the products of the American farmer. Proper tariff adjustments can be extremely helpful to agriculture and it is highly gratifying to know that Hoover understands this. In making these statements, he seconds the stand taken by Senators Peter Norbeck and William H. McMaster of South Dakota, who have long advocated that tariff revision was an important matter in bringing equity to the farmers.

But Hoover does not stop there. He discusses increased transportation charges and frankly urges the development of inland waterways, including the Great Lakes-Atlantic route. "These improvements," Hoover explains, "would mean so large an increment in farmers' prices as to warrant their construction many times over. There is no more vital method of farm relief."—Sioux Falls Argus-Leader.

## SHAKESPEARE, BEST SELLER

A curious assortment of facts regarding the sale of books has recently appeared in the news columns. Perhaps the most remarkable is that Shakespeare leads even the industrious and popular Edgar Wallace as a best seller in England. Of the 175,000 books "in print" there 864 are by or about Shakespeare. Dickens is second with 318; Scott third with 312; Stevenson fourth with 293. The others in order are: Thackeray 162; Wells 112; Kingsley 105; Edgar Wallace, 91 and Kipling, 81.

The American Booksellers' association reports that Americans spent only half as much for books in the first six months of the present year as they spent for candy, and is conducting an investigation to determine why the figures on sales show an increase of only 1 per cent in 1928 over the first half of 1927. The association is also trying to ascertain why Germany, with a population one-third that of the United States, publishes three times as many titles annually.

It has frequently been contended that books cost too much in this country and that a great increase in sales would be registered if they were published with paper covers as in France, as a correspondingly lower rate. Yet one American book which was published at 50 cents has recently been brought out in a two dollar edition at the request of numerous readers who informed the publishers that they did not want cheap books.

Speaking recently at the Institute Francais in London, Hugh Walpole said that unless a piece of literature was also a piece of news, like a crime or a divorce, it got no public recognition at all. Yet Shakespeare is a best seller, and one could hardly call Shakespeare news.—New York Herald Tribune.

BASIC GOOD HEALTH  
AVERTS MINOR ILLS

By Royal S. Copeland, M. D.

United States Senator from New York, Former Commissioner of Health, New York City

A public man, still in his youth, was found dead in his bed. A stomach ulcer had caused a blood vessel, permitting quantities of blood to flow into the stomach. The poor man bled to death. Two or three years ago an American friend of mine died in London from the rupture of the intestines due to an ulcer. From similar causes these two acquaintances passed away within a few months of each other.

DR. COPELAND

What can be done to avert so tragic a death? If you ever had a canker sore you know how obstinate a thing it is. In spite of mouth washes, local applications and even a burning of the surface, it goes on and on, refusing to heal.

You can imagine how difficult it is to deal with a canker sore attacking the surface of the stomach, or the lining of the intestines. The walls of these organs are in constant motion during digestion. This prevents the healing processes from doing their work of repair.

The result is that the tiny sore spreads and grows deeper. It becomes an ulcer of consequence and, unless successfully dealt with, it may produce serious results. There are comparatively few cases which end so unfortunately as in the two cases I have mentioned. But whether small or large, any ulcer attacking the mucous lining of the body is uncomfortable and may prove serious. What can be done to prevent their development? Certainly, prevention is more important than to wait until they have actually arrived.

Good health is the surest protection against evil effects from accidents. Most ulcers originate from trifling injuries—scratches from particles of food or foreign substances. Then there is an infection, the germs gaining entrance into the tissues through the broken tissues.

Sunlight, nourishing food and good habits will be everything. In the case of stomach and intestinal ulcers, constipation and intestinal fermentation are important factors. They must be overcome.

Good health and vigor are the surest guarantees against these ailments.

## Answers to Health Queries

D. D. Q.—My complexion is sallow, speckled and blotchy. Small rough places form on my face, but I am not troubled with pimples or blackheads. What would you advise?

2.—What should a girl of 16, 5 ft. tall weigh?

A.—Correct your diet, drink lots of water between meals and keep the system clear. For further particulars send a self-addressed, stamped envelope and repeat your question.

2.—She should weigh about 110 pounds.

M. S. Q.—What will clear up pimples and blackheads? I am a young woman of 20 and am greatly trou-

bled with these blemishes which form under the skin?

A.—The excessive use of powder and cold cream will tend to coarsen the grain of the skin, making it easy for dust and grime to enter the pores. Watch your diet, avoiding too many sweets and keep the system clear. For full particulars send a self-addressed, stamped envelope and repeat your question.

M. F. Q.—What would relieve shortness of breath and hard breathing? My heart beats very fast. I am also troubled with diabetes and high blood pressure.

A.—Have your heart examined first of all. While the trouble is very likely aggravated by your general health it would be wise to make sure that the heart itself is normal. Follow your doctor's advice with regard to diet and the further treatment you require.

A. T. Q.—What will make enlarged pores less noticeable?

A.—Try applying hot and cold compresses to the face alternately night and morning for 15 minutes. This is usually effective.

## The Stars Say—

For Friday, Aug. 31.

By GENEVIEVE KEMBLE.

THE stellar mutations for this day make for conflicting situations. While the finances seem to be fortified in a measure, and unexpected openings may present, yet the employment is in jeopardy. This untoward condition may be precipitated by rashness or tumultuous conduct, or there may be shafts of malice or duplicity. These should be safeguarded against and self-control under all circumstances held in mind.

Those whose birthday it is may fortify themselves against a year of malevolence or ill-will incited by tempestuous or rash conduct. There is also a menace of treachery and the employment is in jeopardy. But there may be some financial benefits and there may be unlooked-for change or opportunity.

A child born on this day should be given early discipline in self-control and moderation of behavior, else it may put its best interests in peril.

He who is well seated should not budge.—Anonymous.

Fickle  
Weather  
vs.  
Constant  
Temperature

Don't gamble on the safety of your food! The weather changes often, and on cold days or hot, damp or fair, perishable food needs the same adequate protection—the protection of constant dry cold.

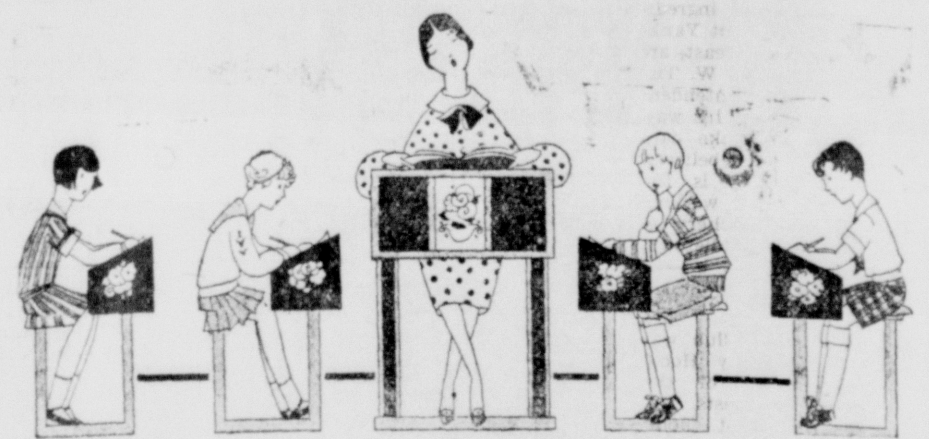

## The Electric Refrigerator

has a thermometer that remains at a constant temperature in all weather. The electric refrigerator operates automatically, requires no attention, and maintains an even degree of safe preservative cold. Even though your kitchen is actually as warm in winter as in summer, your food can be kept at the same guarded state of goodness the year around.

## STUDEBAKER

30,000 MILES

in

26,326 MINUTES

(total elapsed time)

At Atlantic City Speedway, between July 21 and August 9, four regular factory production Studebaker President Eight again proved

the supremacy of Studebaker in the automotive world.

Under strict supervision of the American Automobile Association, two President Eight roadsters traveled 30,000 miles in less than 27,000 consecutive minutes—19 days and 18 nights of driving at better than 68 miles per hour! Two President sedans averaged 63.99 and 64.15 miles per hour for the same distance! All four cars were strictly stock—not specially prepared nor even selected by Studebaker, but chosen at random from Studebaker's assembly line by A. A. A. officials.

Even before this great achievement, Studebaker held more official speed and stamina records than all other makes of cars combined—The Commander with 25,000 miles in less than 23,000 minutes; The Dictator with 5,000 miles in less than 4800 minutes; and The Erskine Six, holder of 11 official records in its class, 1000 miles in 984 minutes!

Whatever Studebaker-built car you buy, you are assured superlative performance and supreme One-Profit value. See and drive a Studebaker today!

town, Conn., Aug. 30.—where an annual capacity of 50 million shad eggs can be acquired. Meanwhile Mr. Titcomb, after doing some figuring, finds Connecticut will have some thing over 14 million "fry," or young shad hatching in its waters this summer.

Like oysters, shad were once numerous in Connecticut waters. The cyster situation is another story. As for shad Connecticut fishermen secured over 176,000 in 1903. Their catch fell off to 13,350 in 1922. But the catch climbed again, thanks to the work of the state commission, and this year 85 licensed fishermen took 56,126 shad from the state's waters.

INSTANT RELIEF FOR DEAFNESS Head Noises, Ear Aches

Roaring and hissing sounds, discharge, pain, sensitive and tender ears, all ear drum trouble. You will be surprised how quickly Aurine will help you. You may be a chronic, long-time sufferer, you may have tried relief, but do not give up hope before you know what Aurine Ear Balm can do for you. Dr. Edward Keller, M. D., said, "Aurine helped cases I had given up as hopeless. A truly remarkable scientific remedy."

Stop paying high prices for earphones, stop buying expensive treatments and enjoy the glorious relief that more than 100,000 others have found in Aurine. A few drops in each ear and relief comes instantly. Dr. E. P. Maxwell, a well-known Deputy Sheriff says, "Just started using my second bottle and am glad to state that I can now hear my watch tick. Today was the first time, this summer, I heard the church bell ring." No matter how stubborn or what your trouble is, you must try Aurine. No risk, no chance, no doubt. Aurine must do the work or cost you nothing.

**Hawkins Reunion**  
Leri Stamp, of Salem, W. T. Hawkins, of Berlin Center, and Albert Hawkins and J. H. Stamp, of Alliance, were the oldest relatives of the Hawkins family, who attended the annual reunion Wednesday at Centennial park.

A history of the family has been published and it was distributed at this reunion. This history dates back to 1695.

Among those in attendance were Mr. and Mrs. Weaver and Ralph Bell of Washington county, Pa., and Mrs. Cline, of Youngstown. Others of the 125 in the company were from Salem and towns in this district.

The officers are: President, W. R. Hawkins, New Waterford; vice president, Clinton Hawkins, New Franklin; secretary, Helen Hawkins, New Waterford; treasurer, George Barnes, Franklin rd.

The reunion next year will be at the same place on the last Wednesday in August.

**Women's Bible Class**  
A musical program entertained at a meeting of the Women's Bible class of the Presbyterian church Wednesday afternoon at the church.

It consisted of piano solos by Mrs. Harold Babb and Mrs. J. W. Hunderdmark and banjo solos by Ralph Kircher. Mrs. Harry Park gave a reading, and an automobile contest entertained.

The program was arranged by Mrs. William Kircher. Mrs. I. H. Cooke and her assistants served delicious refreshments.

There were 19 members in attendance and one invited guest, Mrs. Charles Dickerhof of Canton.

**Honor Miss Schmid**  
Miss Marguerite Schmid, bride-elect of Glen Greenstein, was complimented with a surprise miscellaneous shower Wednesday evening at her home, Euclid st., given by members of the Luther league of Emmanuel Lutheran church. The evening was enjoyed informally and a lunch was served.

On Tuesday evening the German and English choirs and some of the members of this church honored Miss Schmid with a surprise miscellaneous shower.

**Moose Women**  
When members of Salem chapter No. 68, Women of the Mooseheart legion met Wednesday evening at the home of Mrs. Frances Kallert, Broadway, plans were made for a corn and wiener roast on Wednesday evening, Sept. 5. It will be at the home of Mrs. Jesse Shepard, Albany rd. for the members and their families. Those not having a way to go are to notify the recorder.

**A Birthday Surprise**  
Fourteen friends of Estella Clark carried out a surprise for her Tuesday evening at her home, East High st., to celebrate her birthday anniversary. Music was a diversion of the pleasant evening and Mrs. Clark, mother of the honoree, served a lunch. Estella received some pretty presents.

**Phillips' Church Picnic**  
Over 100 people attended the annual outing of the Phillips' church and Sunday school Wednesday at Lake Placidia, near North Georgetown.

A picnic dinner was enjoyed and the amusements of the resort afforded pleasure.

**Thimble Club**  
Members of the Thimble club and their husbands this time were guests at a dinner given by Mr. and Mrs. Lyle B. Harris, Wednesday evening at their home, Arrow Head Inn, near Lisbon.

**West Side Club**  
Members of the West Side Community club will meet Friday evening at the home of Mr. and Mrs. M. J. Buell, Damascus rd.

**Mrs. Cora Stule Miller and son**, Marshall Stule Miller of West Grove, Pa., and Mr. and Mrs. William N. Stule and Mrs. Anna Mary Lincoln and daughter, Dorothy, of Lansdowne, Pa., have concluded a visit with Mr. and Mrs. Robert Clark, East High st.

**Mrs. Asenath Haworth**, who has been making her home with her son, Rev. C. E. Haworth, East Fifth st., left Wednesday afternoon for Miami, Okla., to make her home with her son. Rev. Arthur Haworth, who came here for her.

**Miss Ruth Conser**, student nurse at Cozen Hall hospital, Ann Arbor, Mich., who has been spending the week with her aunt, Mrs. J. A. Rich, East Fourth st., and other relatives here, will return to Ann Arbor Saturday night.

**Mrs. Charles Dickerhof** and daughters, Mrs. Edna Judd and Mrs. C. O. Black and granddaughter, Miss Black, of Canton, spent Wednesday here with Mrs. Walter Harwood and Mrs. W. P. Carpenter.

The condition of Mrs. Karl Howell, who has been ill for several days at the Salem City hospital, is improved and she returned Thursday to the home of her parents, Mr. and Mrs. John Stratton, Washington st.

**Arch Harwood** and family have returned from Philadelphia, where they spent a few days with Mr. and Mrs. H. L. Meakle.

**Mrs. Frank Kesselmir**, of East Fifth st., who has been at the Central Clinic for treatment, has returned home.

**Miss Helen and Alma Zeck** left Thursday for Cleveland to spend a few days with relatives and friends.

**Corn and Wiener Roast**  
The home of Mr. and Mrs. John Filler at Greenford, was the center of an enjoyable gathering Tuesday evening when they entertained at a corn and wiener roast.

The guests included employees of the Peoples Lumber company; J. R. Stratton company; Salem Hardware company, and John Auld, contractor employees, of Salem.

**At Stratton Home**  
A group of friends and relatives were entertained at a 6:30 o'clock dinner Wednesday evening at the home of Mr. and Mrs. John Stratton in honor of Mr. Stratton's birthday anniversary.

After the dinner the evening was spent informally.

**Will Davidson and son**, Harry, of Bloomfield, N. Y., have returned home after spending a few days with Mr. and Mrs. Norman Davidson, West Pershing ave. In about ten days they will return to Salem to make their home.

**J. E. Walton of Garfield ave.**, and A. M. Walton and family, of Winona left Wednesday for Columbus to attend the state fair.

**Investigate Cause Of Bank Collapse**

Shelby, N. C., Aug. 30.—Investigation into the cause of the collapse of the First National bank building here which took a toll of six dead and 13 seriously injured will start tomorrow, it was announced today.

It will be conducted by Lieut. Mike Austell, commissioned by Coroner T. C. Eskridge, whose daughter was one of the victims, and a board of inquiry which has been named by Austell.

Funeral services for the last two victims of the catastrophe were held today. The other four killed in the crash were buried yesterday. All business here was suspended as a tribute to the dead.

All the injured were expected to recover.

**Amundsen Airplane Wreckage Located**

London, Aug. 30.—A report that the wreckage of the airplane Latham, in which Capt. Roald Amundsen set out to search for Gen. Umberto Nobile, has been found in the Vesterlaen region of the Lofoten Islands is printed in the Afternoon today, according to a Central News dispatch from Oslo. The spot where the wreckage was reported found is within the Arctic circle.

**Carriers To Convene**

Youngstown, Aug. 30.—Hundreds of delegates are expected here the last of the week for the 24th annual convention of the Ohio State Association of Letter Carriers. The convention will open Monday and continue through Tuesday.

**BODIES**

(Continued from Page 1)  
went into that region at night and was lost for three days before he was able to make his way home.

"The country is composed of wilderness, swamps, rough hills, ravines and bare open spots. It was on one of these open areas that the plane came down, the searchers told me."

New York, Aug. 30.—Mazel M. "Merry" Merrill and Edwin Rennie, lost flyers, met a fiery death when the gas tank of their orange-hued Falcon plane exploded as they were flying at a speed of 160 miles an hour near Milford, Pa., where the tragedy occurred, in the opinion expressed today by C. S. "Casey" Jones, noted pilot who is leading the search for the bodies. Jones is now at the scene.

"I believe Merrill drove into the side of a mountain at top speed," said Jones this morning. "It must have been so foggy he was just flying by instinct. The gas tank must have let go and set the ship afire."

"Merrill and Rennie were done for. I doubt if we'll find much left to identify them."

The charred and wrecked plane in which Merrill and Rennie had been riding a machine built for Col. Charles A. Lindbergh, was located from the air late yesterday by pilots and observers in a formation of three planes headed by Jones as they were zigzagging across the valley near Milford which is the boundary between Pennsylvania and New York.

Full 50 airplanes had joined in the search for the flyers who had been missing since 4:10 o'clock Monday afternoon when they departed from Buffalo for the Curtiss flying field, near Mineola, N. Y.

The bodies were not sighted as first reported, but the searchers were certain that they would be found somewhere in the vicinity.

Merrill, one of the best known of American aviators and a champion of Lindbergh, and Rennie had frequently made the air trip from Buffalo to New York, Jones, as well as other flyers, are of the opinion they must have got caught in a dense fog while over the flat ridge of the Kittiny section near Milford.

The wrecked plane was sighted by J. Nelson Kelly, one of the many flyers engaged in the intensive search. Last evening's darkness descended before Jones and a party of flyers and farmers could penetrate the crazy and wooded mountain-side to reach the wreckage.

## KELLOGG VISITS IRISH OFFICIALS

American Secretary Of State Given Warm Welcome

Dublin, Aug. 30.—American Secretary of State Frank B. Kellogg arrived in Ireland this afternoon to return the official visit of President William T. Cosgrave, of the Irish Free State council, to the United States.

Secretary Kellogg accompanied by Mrs. Kellogg and President Cosgrave arrived at Kingstown from Havre upon the United States cruiser Detroit.

There they were welcomed by representatives of the Dublin government and by American Minister Sterling. They were tumultuously received by the populace of Kingstown when they went ashore.

The American statesman was widely acclaimed by a huge crowd. There was a tremendous crush in the streets through which the secretary's motor car passed and it was all the police and Free State troops could do to prevent the enthusiastic men and women from rushing out to the auto to try to shake hands.

## Men Just As Vain As Women, Is Claim

Chicago, Aug. 30.—"Men are just as vain as women, only they don't advertise their vanity as much."

That is the conclusion of Dr. Alex S. Herschfeld, Illinois state alienist.

"The excessive desire for notice and approval is strongly imbedded in the male," Dr. Herschfeld declared. "This is carried even to the point of personal appearance."

A patient mentally deranged is generally careless of personal cleanliness and appearance, often unshaven and soiled. The first sign of returning mental normalcy among either men or women is expression of a desire for a bath and clean linen. So we see the desire for notice and approval is sane and normal."

## Donahay Appoints Attorney As Judge

Columbus, Aug. 30.—Appointment of Attorney Milton J. Braucher, Canton, as acting judge of the Canton municipal court was announced today by Gov. Vic Donahay.

The governor appointed Attorney Bernard Rogers, also of Canton, to this temporary position yesterday but was informed today that Rogers was unable to accept the appointment because he had arranged to take a vacation at this time.

The appointment of Braucher, it was explained, was due to the illness of Municipal Judge U. S. Johnston and because Judge Talmadge Snyder, of the Canton municipal court is on a vacation.

## League of Nations Opens 51st Session

Geneva, Aug. 30.—The fifty-first session of the league of nations council opened today with the Finnish foreign minister, Hjalmar J. Procope, presiding.

The opening of the session was marked by the absence of Foreign Secretary Chamberlain, of Great Britain, Foreign Minister Briand, of France, and Foreign Minister Stresemann, of Germany.

The ninth league assembly opens Monday. Thirty-eight subjects on the council agenda must be disposed of before that time. As president of the council, Foreign Minister Procope will act as temporary president of the assembly.

## Miners to Consider Adopted Wage Scale

Columbus, Aug. 30.—Approval or rejection of the newly adopted wage scale by sub-committees of the miners and operators by the union miners of Ohio will be voted at a special meeting of delegates representing the miners to be held here tomorrow morning. It was announced today by Lee Hall, president of the Ohio Union Miners organization.

The new scale is based on a \$5 wage for drivers and 70 cents per ton for cutting and loading.

If approved by the union miners it is said that several mines, now closed, will be opened with union labor.

## Body Found In Well

Canton, Aug. 30.—Miss Rose Wagner, 50, was drowned today when she fell or jumped into a well at the rear of her sister's home at Navarre. The body was found by the sister after Miss Wagner had been missing for more than an hour.

## First Heat Victim

Wilmington, O., Aug. 30.—Lewis Hiles, 35, was dead here today, the first victim of the heat this year in Clinton county. Hiles died a few minutes after he suffered a sunstroke while working in a stone quarry here yesterday.

New York.—The liner Hamburg arrived from Germany with a chilling lizard, a whistling viper, a man-faced monkey and other beasts, reptiles and birds. Included is an ostrich, which says the keeper, looking for sand to hide in, stuck its head through a cage and struck a nail cutting an artery in its neck.

Philadelphia.—Congress sits by the Potomac instead of the Schuylkill because of bugs. Dr. R. C. Williams, Jr., president of the American Entomological society, says Washington was selected as the capital instead of Philadelphia because of ravages of mosquitoes that carry yellow fever.

## To Wed Again

Olga Baclanova, a moving picture importation who prefers to be known as simply "Baclanova" intends to marry Nicholas Sousassian, also a Russian actor, as soon as she is divorced from her present spouse in Russia.

## Venice Seeks Tubes To End Congestion

Venice, Aug. 30.—Venice, the city of canals, is suffering from traffic congestion.

It is planned to open special tubes under the "Canal Grande" in order to diminish the traffic congestion upon the canal.

The first tube will be constructed between the "Campo di Santa Sofia" and the famous Fisher ground, where there is the greatest congestion because in this "Sestiere" or city quarter—is located the main market for vegetables and fishes.

The innovation has met fierce opposition among the "let Venice be Venice" adherents.

## Bus Wrecks Bridge

Caldwell, O., Aug. 30.—Twenty passengers in a northbound Marietta, Caldwell, Cambridge bus narrowly escaped death here this morning when the huge vehicle crashed into a side railing of the bridge spanning Duck creek with such force as to send the entire steel structure crashing into the water 25 feet below. The bus was left hanging on the buttment.

## Victim Identified

Youngstown, Aug. 30.—The body of a man found last night on the B. & O. viaduct here, with the neck broken and skull fractured, was identified today as that of Stephen Vizecek. It is believed that he was hit by a train.

Cleveland.—The get-rich-quick scheme of Sam Zito, 33, an unemployed hod carrier, who smashed a jeweler's window to seize a cloth bag displayed therein and labeled "\$5,000," came to naught, for as Sam grabbed the bag, the law grabbed Sam. And then, besides, the bag was full of cotton.

Breckenridge, Col.—A light rain in this vicinity turned to snow above timberline and gave the mountains a mid-winter appearance recently. A foot of snow fell on Mt. Evans Saturday night.

## TORNADO HITS ITALIAN CITY

Heavy Property Damage Reported; Nine Are Said to Be Dead

Monza, Italy, Aug. 30.—A terrific tornado which tore a path through this city today took a toll of nine dead, 140 injured and caused tremendous property damage.

The tornado lasted for 15 minutes. Trees were uprooted, houses were unroofed, chimneys toppled. Streets were flooded as water poured forth from pipes torn asunder by the storm.

Hail stones, some as large as walnuts, added to the plight of the stricken populace.

A church spire weighing a hundred tons toppled to the ground under the impact of the wind. A 50-ton statue in the spire crashed through the roof of the church. Fortunately, no one was in the church at the time.

Thousands of birds were found dead after the storm had subsided.

**SMITH**

(Continued from Page 1)

United States tariff commissioner preceded Gov. Smith as speaker at the farm dinner.

The remedy for agriculture is not class legislation, Gov. Gore said. "The farmer must be placed upon the same sound and secure footing as other industries."

Commissioner Lowell discussed the tariff as it relates to the farmers.

"Southern farmers want a tariff these days," he said. "It's not politics with them now; it's necessary."

"There are not 15 men in America who can devise the tariff and do it intelligently in the life of one congress," Lowell added.

Gov. Smith was elated today to find that the Syracuse Herald, an independent newspaper had announced its intention to support him for the presidency. This marks the third time in the papers history that it has supported a presidential candidate.

A few minutes after Smith left for the fair grounds a thunderstorm broke over the city and rain started falling steadily. Earlier Smith had said that if the day was damp he would not attempt to make an open air speech because of fear of developing throat trouble.

**Goes West In Special**

New York, Aug. 30.—Gov. Al Smith's speaking tour of the west will begin about the middle of September, it was indicated today. Latest reports in railroad circles were that a well equipped Smith special will be enroute to the west by September 19 for an 11-day trip, with Omaha, Neb., as the first stop.

Seven cities, according to this report, will hear the governor—Chicago, St. Louis, Omaha, Salt Lake City, Helen, Mont., Colorado Springs and one point in Idaho.

Gov. Smith may visit Yellowstone park but it is said he would not include the Pacific coast in his itinerary. He will return east in time to make a speech in Rochester on Oct. 1.

These plans, however, are not official, no formal announcement concerning his speaking tour having come the governor.

## HOOVER

(Continued From Page One)  
from \$4,000,000 to as near \$3,000,000 as possible.

**Limits Speeches**  
Hoover personally made known this object at conferences of national committee division heads and approved it while disclaiming that he himself urged the economy plan. Hoover also disclosed that it is likely that his speaking campaign will be limited to three or four set speeches before he starts up a swing to Palo Alto, Cal., where he will vote on Nov. 6.

While it was said that he may change his plans in the future, it was indicated that he is strongly adverse to undertaking a wide tour of the nation and will conduct a mixed "front porch" and stumping campaign.

**Dry Party For Hoover**

Washington, Aug. 30.—The prohibition party probably will withdraw its presidential ticket in favor of Herbert Hoover, it was indicated today by James A. Edgerton, vice presidential nominee.

A decision will be reached at a meeting in Chicago tomorrow.

Edgerton accepted the nomination ceremonies held on the lawn of his home in Virginia last night. He declared both parties had "crucified" prohibition, but said as between the two major candidates, Hoover must be accepted by the prohibitionists.

### ABOUT TOWN

**John Birk Injured**  
John Birk, of Prospect st., em-  
ploye at the Mullins Manufacturing  
corporation, was injured in an acci-  
dent at that plant about 1 p. m.  
Wednesday, when an emery wheel  
flew off, striking him in the face.  
He sustained a cut above the left  
eye and his nose was fractured. He  
was removed to the Salem City hos-  
pital for treatment. Thursday af-  
ternoon he was reported to be get-  
ting along well.

**Suffers Fractured Knee**  
Delmont Callahan, of Greenford,  
sustained a broken left knee and  
collar bone when he was struck by  
a machine in an accident Wednes-  
day evening at Greenford. It is re-  
ported that Callahan accidentally  
stepped in front of the machine.  
He was brought to the Salem City  
hospital for treatment.

**Newsboy Injured**  
Walter Mead, 15-year-old Salem  
newsboy sustained a broken shoul-  
der Wednesday afternoon when he  
fell from his bicycle while deliver-  
ing papers near Albany. He was  
taken to City hospital where an x-  
ray of the break was taken and was  
returned to his home, R. P. D. 4,  
Salem.

**Recent Births**  
Mr. and Mrs. John Grubbs, of Lis-  
bon, formerly of Salem, are the pa-  
rents of a son, born Monday morn-  
ing. He has been named Thomas  
Neil. Mrs. Grubbs before her mar-  
riage was Miss Ethel Harding.

**Rev. Cope to Preach**  
Rev. Frederick C. Cope of Port-  
land, Ore., will preach at the Sun-  
day evening service at the First  
Friends church.

**Division 2**  
Mrs. Jason Moore will be hostess  
to members of Division 2 of the  
Ladies' Aid society of the Presby-  
terian church at 2 p. m. Friday at  
her home, 458 McKinley ave. All  
members are asked to be present.

**Division 1**  
Division 1 of the Ladies Aid so-  
ciety of the Presbyterian church  
will meet at 2 p. m. Friday at the  
home of Mrs. Stanton Heck, Mc-  
Kinley ave. A large attendance is  
desired.

**Ruth Circle**  
The Ruth circle of the First  
Friends church will have a covered

**RESCUERS SAVE  
TWO MEN FROM  
DEATH IN MINE**  
Cambridge, O., Aug. 30.—Benja-  
min and William Kissenger, broth-  
ers, were recovering in their home  
here today from effects of being lost  
for nearly 30 hours in Old Orchard  
mine, near here, and rendered un-  
conscious.

The men went to explore the mine  
Tuesday noon, according to their  
mother, Mrs. Eliza Kissenger, who  
spread the alarm when they failed  
to return in the evening. The  
mine had been abandoned for many  
years. The bodies were found about  
3,000 feet from the entrance by res-  
cuers.

State Mine Inspector Jerome Wat-  
son and deputy inspectors made two  
attempts before they were able to  
penetrate any distances into the in-  
terior because of heavy gas.

**Negligence Cited  
As Cause of Wreck**

Canton, Aug. 30.—Negligence on  
the part of a Fort Wayne company  
in loading a car was seen as one of  
the causes which will be advanced  
in the official explanation of the  
train wreck here yesterday in which  
one man was killed and two others  
injured.

The wreck occurred when an iron  
tank on a flat car of an east-bound  
freight struck the cab of the Penn-  
sylvania western express, train No.  
9, bound for Chicago.

R. D. Shreve, 35, of Pittsburgh,  
the fireman, was killed, while En-  
gineer Charles Creese, 66, also of  
Pittsburgh, was injured. The engine  
was so badly damaged that it had  
to be replaced.

Coroner McQuate, investigating,  
said negligence by the company  
which loaded the car, negligence of  
the train crew or unavoidable cir-  
cumstances might be assigned as  
reasons for the wreck.

**Mrs. Knapp May Not  
Appear In Court**

Syracuse, Aug. 30.—Mrs. Florence  
E. S. Knapp, former secretary of  
state in New York, may not be able  
to appear in court in Albany for  
sentence next Tuesday, surgeons re-  
ports indicate today.

Mrs. Knapp is under the care of  
her close friend, Mrs. Sydney Kel-  
ly, of the Leavenworth apartments  
here. The condition of the state's  
first woman secretary of state has  
taken a turn for the worst, neces-  
sitating a delay of an operation  
which she was to undergo before  
going to Albany.

**Seek Identification**  
Akron, Aug. 30.—Authorities here  
were seeking further information  
today concerning Michael Heitzer,  
43, whose home is believed to be in  
Pennsylvania, and who drowned  
while swimming in Lake Brady, late  
yesterday.

### BRITISH BEST IN FOURSOMES

Von Elm and Sweetzer,  
However, Lead English  
For Nine Holes

Chicago, Aug. 30.—Bobby Jones  
and Chick Evans, fighting an uphill  
battle against the British members  
of the Walker cup team, Maj. J. O.  
Hezlet and W. L. Hope, finished the  
morning round of 18 holes all  
square.

Chicago, Aug. 30.—With three of  
the American Walker cup team  
trailing the Britishers in the early  
rounds of the foursome matches  
here today, George Von Elm and  
Jess Sweetzer, team No. 1, led the  
British team of T. P. Perkins and  
Dr. William Tweedell, 2 up at the  
end of the first nine holes.

The Britishers got the drop on  
the Yankees at the first hole, win-  
ning with a par 4 to Von Elm's 5.  
The Americans came right back at  
the second, winning with a par 4  
where Perkins, Great Britain ama-  
teur champion, was in trouble with  
traps. The Americans won the

third and eighth.  
Bobby Jones, captain of the  
American team, and Chick Evans  
were having trouble with the damp  
fairway and slow greens. At the  
turn they were 2 down to Major J.  
O. Hezlet and W. L. Hope. The  
portly major's driving and putting  
won for him the second and third  
hole and his partner contributed to  
their win at the fifth. The only  
hole Chick and Bobby won was the  
ninth with par 4 to the Britishers' 5.

**Saw Kills Worker**  
Canton, Aug. 30.—Earl F. Whit-  
mer, 22, was instantly killed at the  
plant of the Hercules Motor com-  
pany here today when an electric  
saw struck his head. Whitmer is  
said to have fallen on the saw ac-  
cidentally. His left hand was also  
cut off. Coroner McQuate said  
death was accidental.

SOCKS GAINING ON NEW YORK

Lead National Now 6 Games; Cleveland Defeats Detroit

New York, Aug. 30.—The Cards, serenely aloof from the bidding contenders for runner-up position in the National League today looking down from a comparatively safe position on a six lead upon the hair-raising jockeying of the Giants and Cubs. The Chicagoans are ad by a matter of 6000 points. In the half-game increase in the Cards does not represent work on their part for their reduced brush with the Cubs was off the list. It was the re- of the Giant-Brave contest in the New Yorkers took an- on the chin, 8 to 3, to make it straight defeats and nine in last eleven starts. Ben Cantwell, who tarried with the Mc- women a few days last spring, against him were pitted four men. Aldridge, Fitzsimmons, Walker and Scott.

Although the Pirates have won more than twice as many games as the Phillies this season the late- with Claude Willoughby on the line shut out the Pittsburgh team 4 to 0. Willoughby's perform- during which he allowed but one hit, gave the idle Reds undis- possession of fourth place.

The younger league Connie Mack's boys gained a half game on the barnstorming Yankees by trounce- the White Sox, 6 to 2. The Chicagoans' margin is now down to one and a half games, the shortest of the teams settled down to the win gave the A's four out of five for the series. Ted Lyons was the victim. He was allowed to give the full game though he was hit safely a dozen times. George Hargreave had made room for Cy Coble at the plate in the fourth. When Walberg had been some- what loose in his work, he was hit five times in four innings. Rommel pitched tight ball to hold the Sox for the last five innings.

The Red Sox dropped their fourth game for the five game series to the Braves 4 to 3, in a close affair in which the Redlegs felt just short of evening things up in the eighth inning.

George Burns found the left field of Navin field easy when he sent two homers out of the park to three runs and help Joie M. Schaefer, Indian left-hander, over- come the Tigers, 9 to 5.

SOUTHPAW GOLF MEET WILL BE HELD IN LIMA

Aug. 30.—More than 35 southpaw golfers from all corners of the state are expected in Lima tomorrow 8 and 9 when the second annual Ohio Left Handers Golfers association golf tournament will be held at the Springbrook Country Club.

SECOND ROUND IN NET TOURNAMENT TO OPEN TONIGHT

Play in the second round of the city tennis tournament will get under way at the Centennial park courts tonight.

Eight matches of the first round were played Wednesday afternoon and night, leaving only two of the first round to be played.

Chet Kridler pulled the unexpected when he gave Lowell Allen a de- cisive licking in two straight sets last night. The scores were 6-2 and 6-3.

This match is part of the second rounds as both Allen and Kridler have won matches in the first round Allen defeating George Morris and Kridler beating Orein Naragon.

Results of matches played yesterday follow:

Class "A" singles—Don Thompson defeated Jim Pidgeon; Chet Kridler defeated Lowell Allen, 6-2, 6-3. Doubles: J. Pidgeon-G. Scullion won from J. Scullion-W. Bodendorfer.

Class "AA" singles—Campbell de- feated T. Eckstein; O. Tolerton de- feated G. Tolerton; Jewell defeated Hartsock. Doubles: Campbell- Tucker defeated Eckstein-G. Toler- ton.

Scores of these matches were not available due to the fact that win- ners neglected to hand in the re- sults to Joe Kelley at the Memorial building. Players in each match are requested to report the result of their match to Kelley as soon as possible.

The two matches remaining to be played in Class "A" are: Older vs Bodendorfer, J. Scullion vs W. Smith.

In the second round, Morris and Allen, in Class A doubles will play Older and Kridler today. In singles, Loop plays G. Scullion and Jenkins opposes Thompson.

In Class "AA" second round, sin- gles, Tucker vs Campbell; Emery vs Jewell. Doubles, Tucker and Campbell vs Jewell-Hartsock.

ETHEL HERTIE WINS IN SWIM

Gertrude Ederle Fails To Get In Money of 10 Mile Marathon

Toronto, Aug. 30.—Ethel Hertie, 20, of New York City is \$10,000 richer today as the result of her victory over fifty-three competitors in the ten-mile Wrigley swim for women here yesterday.

Miss Hertie's time of 5 hours 34 minutes 36 seconds was about three minutes better than that of her nearest rival, Olive Gatterdam, 16, of Seattle, Wash., who took second prize money of \$3,000. Gertrude Ederle, the first woman to conquer the English channel, failed to come in on the money. She finished sixth. All five money prizes were taken by American women, who are eligible to enter the men's 15-mile marathon next week.

The first six in yesterday's swim finished as follows:

Ethel Hertie, New York, 5 hours 34 minutes 36 seconds.

Olive Gatterdam, Seattle, 5 hours 37 minutes.

Ruth Towers, Denver, 6 hours 3 minutes.

Jane Thomas, Terre Haute, Ind., 6 hours 12 minutes 45 seconds.

Mrs. Anna Benoit, Westfield, Mass., 6 hours 17 minutes 40 seconds.

Gertrude Ederle, New York, 6 hours 23 minutes 40 seconds.

## "FORBIDDEN HOURS"

Ramon Navarro appears at the State tonight as a young king in a modern kingdom in Europe; a monarch facing present-day problems of the world and a gripping romance which appears to threaten the peace of the country. "Forbidden Hours" is the title of Navarro's feature.

"Forbidden Hours" tells the story of a young ruler of a mythical kingdom—it might be any young king in Europe—struggling against tradition, court intrigue, international diplomacy and even the political marriage that every king must eventually face.

The love story revolves about the king and his sweetheart, a commoner, played by Renee Adoree and shows how the wearer of a crown is torn between his love and his duty to his country. It is a bold theme, magnificently worked out in spectacular settings, depicting great

court affairs in the royal throne room, a gorgeous royal wedding in a great cathedral and other huge details—all incidental to a poignant love story that runs through the entire production.

## "UNDER THE TONTO RIM"

Richard Arlen and Mary Brian are the featured characters in the screen dramatization of Zane Grey's western novel, "Under the Tonto Rim" which is at the State for the rest of the week, starting tonight.

The plot is laid in that part of the great Southwest now known as Tonto Basin, at the time, when it was a small cattle section nestled beneath the precipitous Tonto Rim in Arizona. The cry of "Gold" changes the town overnight from a peaceful spot to a bustling gold camp. Gamblers, crooks, cabaret girls—all of that type are drawn there.

The story develops from the arrival of the government claim agent his introduction to Sam Sprall fearless gambler and the ultimate loss of his money at cards at the hands of a harmless and genial old prospector, Dad Denmeade. Sprall accuses Dad of cheating, and shoots him in the back. Dying, Dad tells his son Edd, just who shot him. The claim agent believes he did the killing, and Sprall holds it over his head to get possession of rich gold ore claims. Right finally wins. Sprall is sent out of town by the Vigilantes, organized by Edd, and Edd wins the girl, Lucy, sister of the federal agent.

Alfred Allen, Jack Byron, Harry Todd, and Bruce Gordon are the principal members of the supporting cast. "His Favorite Wife," a comedy, and chapter 10 of "Melting Millions" are shown.

## STYLE EDICTS

Paris, Aug. 30.—Watch your side-lines! seems to be the watchword of the smart dressmakers now showing the pretty things women will wear this winter.

After concentrating on back lines, dipping hemlines and puffed bustle effects, they have now decided to give one's sides a chance, so this fall the very newest and smartest skirts will dip at the sides, either one or both and there will be all manner of trimming to add to the importance of the side-lines.

Worth is showing the dipping side-line on a violet brocade frock with long princess bodice. The side flare like half-folded wings and produce what this designer calls, the exclusive "pine-tree silhouette." Lovely silver bead embroidery in lone-flower motif trims the tiers.

Suzanne Talbot uses satin for a many-tiered frock dropping in an extremely long point at the left side. Three gold ostrich tips are placed on the left hip instead of the usual flower.

An evening ensemble of black and silver lame comes lined with rubied velvet and has a high collar of silver fox. The frock has a white crepe bodice dotted with tiny silver beads and the skirt dips at the left side in a series of long, narrow godets of white crepe, also beaded. The girder of rubied velvet ends in a huge bow on the left side.

A Jenny frock of beige and gold lace with beige chiffon has the right-side flare and dip in the skirt. Numerous tiers on a black satin frock all fall to the left side.

## Revival of Colonial Furnishings

The simple beauty and attractiveness of Colonial furnishings persist, no matter how many other revivals tempt the buyer. No decorator can withstand the lure of the daintily curved tester-topped bed, or escape the charm of chairs that really invite one to a roomy and comfortable seat.

Instead of the old heavier materials used for the bed curtains the French embroidered muslins with large scalloped edges are used with the long curtains at either side of the head if liked, or they may be done away with, allowing more room for the dainty spread. The old French toile de Jouy spreads or the still popular candlewick, seem quite at home on this type of bed.

The lovely old mahogany bureaus with brass or glass handles, are getting rare and correspondingly expensive. Companioned with the old combination bookcase—desks they give an old world charm to a room that none can gainsay. The old glass with mahogany picked out gold decorations are wide and tall and are hung with cords and tassels. A few of the better Windsor chairs have survived and are most comfortable with or without cushions. Chairs of history are not all comfortable, yet the old Chippendale and shield backed Heppelwhite chairs are mighty nice to own.

In home building, if one owns a goodly amount of Colonial furniture, it is wise to build with this in view. The ceilings must be of the right height to set off the four posters, and places must be made so that the adorable old corner cupboards show to advantage. Then the sideboard needs the proper wall space in the dining room to call attention to its dignity and graining of its wood. With these lovely old pieces the scenic wall paper fits

perfectly and the Jacobean chintz carries the colorings of shaded greens, softens and the soft yellows of the old days. These chintz coverings seem to bring out the high lights of the wood as no other colorings seem to do.

The American hooked rugs fit in with this period as do the old plaid and round and oblong rugs also made by hand. The old Sandwich glass, in opalescent coloring, the old translucent blues, the reds with white decoration, and the purplish pink are perfectly at home on the shelves of the corner closets.

# Vast resources back up . . . PEERLESS New 1929 Models

IN this day and age people want to know just what is back of a series of new car models. It isn't enough that the cars be beautiful—that they perform in a way past all belief.

But, are they the offspring of a dependable, year-after-year, established company?

Peerless is 27 years old. For 27 years the name Peerless has been associated with the finest of fine cars. And now in August 1928 just where does Peerless stand?

Get this; Peerless has resources of over \$9,000,000. Not a dime does it owe any bank. Not a cent of bonded indebtedness is against it. And there's \$2,000,000 cash in the bank. Its credit is of the very highest. Its outlook far brighter than ever before.

With a great, modern factory (over 750,000 square feet of floor space) it is given over entirely to producing new Peerless 1929 models. Not a dollars worth of old equipment aging in storage—not a single old model in stock to be moved out.

But, every ounce of energy—every dollar of surplus turned in behind the new 1929 models.

For a generation Peerless has kept faith with American motorists and turned out cars of exceptional performance and dependability. And now in the new 1929 Six-81 and Six-91 Peerless again "Keeps Faith." But this time, Peerless even betters Peerless.

Drive one of these new models and see for yourself.

## AMERICAN GANG OF ART THIEVES IN LONDON RAID

**Sole Purpose Said To Be Pilfering Of Fifty Million Exhibit**

London, Aug. 30.—It has been disclosed that an American gang of art thieves came over to London for the sole purpose of raiding the \$50,000,000 art exhibition at Olympia, which has just closed.

The attempt was foiled by Scotland Yard, who learned of the thieves' presence in time to take elaborate precautions.

A London weekly journal alleges that the thieves were "commissioned by unscrupulous collectors, who gloat over their treasures in secret, and who offered to purchase any of the stolen objects at the gang's own price."

**Expected Big Haul**  
As the exhibition consisted of the largest number of world-famous masterpieces ever exhibited at one time, the thieves were looking forward to a good haul.

However, they betrayed their presence by allowing one of their leaders to visit the exhibition.

He was immediately spotted by one of the "watches," who recognized him as an art crook with an international reputation.

Scotland Yard was informed and "Yard men" were detailed to keep track of the members of the gang known to the police. At the same time the guards at the exhibition were tripled. At night the lights were kept burning and all exits sealed with the exception of one.

"With these precautions," said an official of the exhibition, "we succeeded in preventing any raid. The crooks would have had to been supermen to steal anything."

**Treasure at Stake**

"However, we know that there are unscrupulous collectors in America who would give their ears to get hold of, for example, the \$750,000 Cowper-Raphael Madonna, lent by Sir Joseph Duveen, or the famous Wilton Diptych, an absolutely unique and priceless example of supposed English 14th century painting representing Richard II before the Virgin.

"And in addition to these masterpieces there were trinkets which could have been concealed in the palm of the hand, and which are worth thousands."

## RADIO PROGRAMS

Six acts, the personnel of which is known throughout the nation, have been scheduled for presentation at the Radio Industries Broadcast from Hotel Astor, New York city, on Sept. 18. Six or seven more remain to be announced as soon as Paul B. Klugh, Chicago, general chairman, has made the definite selections. The all star program is to go out over the combined stations of the Columbia Broadcasting system, the National Broadcasting company, and a large number of stations with membership in the National Association of Broadcasters, between 10 and 12 Eastern daylight standard time.

The all star features already selected consist of two nationally known orchestras, a team of black face comedians, a grand opera star, a comedienne, and a famous concert baritone.

The grand opera singer is none other than Mme. Ernestine Schumann-Heink whose golden voice is the most beloved in America. It is

she, who a few months ago, gave her rambling hacienda near San Diego, worth more than \$250,000 to disabled American soldiers. Mme. Schumann-Heink lost her two sons during the World war, one fighting for Uncle Sam and the other for Germany. Mme. Schumann-Heink appears through the courtesy of the Radio Corporation of America.

**Whiteman Band Listed**  
Paul Whiteman, King of Jazz, and his orchestra, will be Columbia Phonograph Company's gift to the radio fans when they tune in the banquet on the epoch making night of Sept. 18. Early this summer Paul was made an honorary colonel in the Salvation Army for assisting in a Salvation Army drive in Brooklyn but in spite of the extra effort he has had to continue work in the gym in order to be able to get into a telephone booth.

"Jazz is art," says the famous bandmaster. "It is the only thing in music we have produced in America, no matter whether you call it good, bad or indifferent."

Exactly what Paul Whiteman did to jazz was to orchestrate it. Now he sells it to the musical public at the tune of \$500,000 a year.

Next to put his name on the dotted line to appear at the banquet broadcast was John Charles Thomas, concert and opera baritone. Thomas won fame for his work in "Maytime" and "Apple Blossom" and suddenly thereafter forsook the stage for concert work. Almost instantly he was hailed by the critics abroad as well as in New York. His operatic success at Theater de la Monnaie in Brussels definitely established him with music lovers. Mr. Thomas' appearance was made possible by Halkite, Pansteel Products Co., Inc.

Fannie Brice is to come to the banquet to sing an assortment of comic and not so comic songs, and of course she will do a monologue. Powell Croesley, Jr., president of the Croesley Radio Corp., selected Miss Brice he said, to represent his company on the air because it was about time that everybody in the country was made to laugh at the same time.

**Lopez Also on Bill**  
Another orchestra leader of international fame is Vincent Lopez, and he and his orchestra, through the courtesy of Kolster Radio Corp. will present a program of ultra modern music. When the priesthood lost a member, the musical world gained a great orchestra leader, and Lopez still recalls that it took him three years to learn that the priesthood was not his vocation. Lopez has the unique record of playing two consecutive years in New York city as a Keith headliner without leaving town. While this record was made several years ago he is still proud of the accomplishment.

The manufacturers of Majestic radio sets, Grisby-Grunow company, have selected Moran and Mack.

their musical representatives over the Columbia chain, to make merry for those attending the radio banquet by radio.

The querulous voice of the fellow with the world weary air belongs to Charles Mack, the business head of the team. The other "black crow" is known as George, to a few, and as plain Moran to millions. Both of these blackface stars were born in Kansas, and trouped separately for thousands of miles with various theatrical companies before they accidentally met and decided to start out together in the present combination, which has made them known from ocean to ocean.
